House Bill 606

By: Representatives Morris of the 155th and McCall of the 30th

A BILL TO BE ENTITLED AN ACT

- 1 To amend Part 2 of Article 2 of Chapter 3 of Title 20 of the Official Code of Georgia
- 2 Annotated, relating to the University System of Georgia, so as to provide for the ownership
- 3 of intellectual properties developed at or by institutions of the University System of Georgia;
- 4 to provide for the assignment, transfer, license, or other authorization to use such intellectual
- 5 property; to create the State Intellectual Properties Board and provide for its membership;
- 6 to provide definitions; to provide for related matters; to repeal conflicting laws; and for other
- 7 purposes.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF GEORGIA:

9 SECTION 1.

- 10 Part 2 of Article 2 of Chapter 3 of Title 20 of the Official Code of Georgia Annotated,
- 11 relating to the University System of Georgia, is amended by adding a new Code section to
- 12 read as follows:
- 13 "20-3-88.
- 14 (a) As used in this Code section, the term:
- 15 (1) 'Board' means the State Intellectual Properties Board.
- 16 (2) 'Computer program' means a set of instructions, statements, or related data that, in
- 17 actual or modified form, is capable of causing a computer or computer system to perform
- specified functions.
- 19 (3) 'Intellectual property' means patentable materials, software, and trade secrets,
- whether or not formal protection is sought.
- 21 (4) 'Novel plant variety' means a novel variety of sexually reproduced plant.
- 22 (5) 'Patentable materials' means items other than software which reasonably appear to
- qualify for protection under the patent laws of the United States or other protective
- statutes, including novel plant varieties and patentable plants, whether or not patentable
- 25 thereunder.
- 26 (6) 'Patentable plant' means an asexually reproduced distinct and new variety of plant.

1 (7) 'Software' means one or more computer programs existing in any form, or any associated operational procedures, manuals, or other documentation, whether or not

- 3 protectable or protected by patent or copyright.
- 4 (8) 'Trade Secrets' means information including, but not limited to, technical or
- 5 nontechnical data, a formula, a pattern, a compilation, a program, a device, a method, a
- 6 technique, a drawing, a process, financial data, financial plans, product plans, or a list of
- 7 actual or potential customers or suppliers which:
- 8 (A) Derives economic value, actual or potential, from not being generally known to,
- and not being readily ascertainable by proper means by, other persons who can obtain
- 10 economic value from its disclosure or use; and
- 11 (B) Is the subject of efforts that are reasonable under the circumstances to maintain its
- secrecy.

- (b)(1) Intellectual property that is produced as a result of work performed pursuant to a
- grant or contract between a sponsor and an institution of the University System of
- Georgia may contain specific provisions with respect to disposition of rights to such
- intellectual property. The sponsor may:
- 17 (A) Specify that the materials be placed in the public domain;
 - (B) Claim reproduction, license-free use, or other rights; or
- (C) Assign all rights to the intellectual property to the State of Georgia.
- In those cases where royalty income is realized by the State of Georgia, the inventor or
- creator of the intellectual property may share in the royalty income. The nature and
- extent of inventor or creator participation in royalty income, however, shall be subject to
- the regulations or limitations of the sponsor and the State of Georgia.
- 24 (2) Intellectual property that is developed as a result of assigned efforts of an institution
- of the University System of Georgia shall belong to the State of Georgia; however,
- sharing of royalty income with the inventor or creator by the State of Georgia is
- authorized as an incentive to encourage further development of intellectual properties.
- The nature and extent of inventor or creator participation in royalty income, however,
- shall be subject to the rules and regulations of the State of Georgia.
- 30 (3) Intellectual property that is developed by faculty, staff, or students of an institution
- of the University System of Georgia where the institution provides support of the efforts
- of such individuals or the use of institution resources in more than a purely incidental

way, unless such resources are available without charge to the public, shall be shared by

- the inventor or creator and the State of Georgia. The nature and extent of inventor or
- 35 creator participation in royalty income, however, shall be subject to the rules and
- regulations of the State of Georgia.

(4) Intellectual property that is developed by faculty, staff, or students of an institution of the University System of Georgia shall belong to the inventor or creator of such intellectual property provided that:

- (A) There is no use, except in a purely incidental way, of institution resources in the creation of such intellectual property, unless such resources are available without charge to the public;
- (B) The intellectual property is not prepared in accordance with the terms of an institution contract or grant; and
- 9 (C) The intellectual property is not developed by faculty, staff, or students as a specific institution assignment.
 - The general obligation to produce scholarly and creative works does not constitute a specific assignment for this purpose. The nature and extent of the use of institution resources shall be subject to the rules and regulations of the State of Georgia and the board of regents and shall be determined by the State of Georgia and the board of regents.
 - (5) The ownership of intellectual property developed under any circumstances other than those listed in paragraphs (1) through (4) shall be determined on an individual basis and approved under policies or rules and regulations of the board of regents. The nature and extent of inventor or creator participation in royalty income, however, shall be subject to the rules and regulations of the board of regents.
- (c) Intellectual property owned by the State of Georgia shall be managed and protected for the benefit of the State of Georgia by the board of regents. The board of regents shall not assign, transfer, license, or otherwise authorize the use of intellectual property owned by the State of Georgia to any person or entity residing or based outside of the State of Georgia as long as there are persons or entities residing within the State of Georgia who can utilize or develop the intellectual property. The board of regents may not utilize research and other foundations associated with institutions of the University System of Georgia to assist in the assignment, transfer, licensing, or other authorization of the use of intellectual property unless first authorized by the State Intellectual Properties Board. In the event that the State Intellectual Properties Board approves any such contractual arrangement, such foundations shall also be subject to the provisions of this Code section regarding the approval of all assignments, transfers, licenses, or other authorizations to use intellectual properties.
 - (d) Prior to assigning, transferring, licensing, or otherwise authorizing the use of intellectual property owned by the State of Georgia, such assignment, transfer, license, or other authorization to use such intellectual property shall be approved by the State Intellectual Properties Board. The State Intellectual Properties Board shall consist of five members. Two of these members shall be appointed by the Governor, one member shall

be appointed by the Lieutenant Governor, and one member shall be appointed by the Speaker of the House of Representatives. The Governor shall designate one of the members as the chairperson of the board. The two members appointed by the Governor shall serve initial terms of two years and until their successors are appointed and qualified and the members appointed by the Lieutenant Governor and the Speaker of the House of Representatives shall serve initial terms of four years and until their successors are appointed and qualified. Thereafter, all successors shall be appointed to four-year terms of office and until their successors are appointed and qualified. The appointed members shall hold a degree from a four-year college or university or its equivalent and have some experience in dealing with intellectual property matters. A vacancy in a position of a member shall be filled by appointment of the original appointing authority for the unexpired term. Appointed members shall serve without compensation but shall be reimbursed for actual expenses incurred on the business of the board. The fifth member of the board shall be the individual who developed the intellectual property that is the subject of the proposed assignment, transfer, license, or other authorization to use such intellectual property or, in the case of a collaborative effort among several individuals in developing the intellectual property, a representative of such group.

- 18 (e) The State Intellectual Properties Board shall meet on the call of the chairperson at any 19 time that action of the board is necessary to fulfill the purposes of this Code section.
- 20 (f) In determining whether to approve a proposed assignment, transfer, license, or other authorization to use intellectual property, the board shall determine if such proposed assignment, transfer, license, or other authorization to use intellectual property is in the best interests of the citizens of this state and whether such proposed assignment, transfer, license, or other authorization to use such intellectual property is in compliance with subsection (c) of this Code section."
